See my note of 2/21. If you agree, I will establish an in-network pediatrician at Alina Westhealth and send you the details. Appointments are easy and the providers excellent.

You know I'm missing work. I'm looking for the doctor. And all you can do is complain about what I am doing. If you have a doctor in mind. Do the leg work and organize it. You expect me to do everything than bitch about it. Not ever a thank you. You have NEVER organized a single doctors appointment or missed work due to them being sick. You have all these opinions but no follow through. I'm fucking sick of it. I called to have a conversation and all you can do is be act like i am doing something sketchy.

She has a fever and an ear infection. I found a clinic in the network that could see her. Thanks Jenn I appreciate it would be nice. Or at least not complaining. You want allina. Organize the provider and send me the fucking information.

Exhibit K1

Stop making everything so much fucking harder than it has to be. And threatening me "you will be responsible for the financial implications." It's not how it works Ryan! Honestly stop being such a dick. It's not necessary.

Mae is sick. She is staying home from school. I'm going to make a minute clinic visit for her because she says her ears hurt.

Please pay the other expenses.
