Subject: Re: Medical Records and Pediatrician Details

It was a cvs pharmacy. There wasn't a diagnosis. It was a cold with viral pink eye. I have given you everything that I have.

I honestly don't know what you are asking me for the pediatrician? It wasn't a pediatrician.

At this point the girls are still at park nicollet. But I would be fine with finding somebody in the network.

Please revisit how you are speaking to me. I don't believe I am doing anything to deserve the contempt. I don't believe I am not cooperating.

Subject: Re: Medical Records and Pediatrician Details

I find only a minute clinic receipt in my email.
Please send me anything you sent by OFW (not email), as we are obligated to do.

I am simply asking for the pediatrician's name, as well as the office visit notes to confirm Ada's evaluation and diagnosis.

Exhibit K3

I originally asked for this simple information on Feb 4, but have not yet received a response.

If you can't provide this information to me by OFW, I will take my own initiative to find an appropriate pediatrician for the girls.

I will also schedule an initial visit and routine checkups.

Ideally I would hope to coordinate that with you, but won't be able to do so without some cooperation.

Sent in email. Like I said. Figure out who the providers are.

Pink eye note? Pediatrician?

You know I don't have the ear infection. Beth helped with that.

Please forward the visit note for the below and Ada's earlier ear infection.

Have you scheduled routine follow up with pediatrician and are you still intending to use Park Nicolett? We should review providers against new BCBS insurance plan.

Subject: Re: Mae sick

Also, just following up on this. Ada told me Wed she did NOT have pink eye. Nor did she have any eye redness, discharge, pain when I saw her. She was slightly fatigued and congested, but said she was fine at school and probably just had a little cold.

Where did you bring Ada on Jan 31 and could you please send me the visit notes indicating her diagnosis?

That's good news (highly contagious though).

Ada has viral pink eye. Nothing they can do. She seems better today though

Ada is at school. I think mae can skip piano. Want to pick her up after piano?

Saw your call, in a meeting.

I trust your judgement on whether Mae should go to piano - just let me know.

Any update on Ada?

Mae is home sick today. Not sure if you still want her to go to piano?
